## Stainless-Steel Instruments For the OB-GYN Office

### We've expanded our Euro-Med line

Handcrafted by the world's preeminent craftsmen in Tuttlingen, Germany, the Euro-Med family of stainless steel surgical instruments represents a higher level of engineering, control and precision. These instruments, essential for the success of women's health procedures, are ideal for doctors and practices who recognize that exceptional results come from exceptional instruments.

### Contact your Territory Manager to learn more about these fine products:

- Scissors
- Hemostatic Forceps
- Needle Holders
- Lateral Wall Retractors
- Curettes
- Tissue and Dressing Forceps

...and more

Call

today to reserve  
your copy of the  
NEW Euro-Med  
Stainless Instrument  
Catalog!

### But that's not all...

We are also known for other high quality women's health care brands and products such as LEISEGANG®, MILEX™, Pipelle®, Fetal Dopplers, and LEEP systems and electrodes, to name a few.

### We have a host of products specifically designed for the diagnosis and treatment of cervical abnormalities and are proud to extend exceptional savings on the following:

- **\$500 off** the list price of Leisegang OptiK®1 Colposcope
- **Save 10%** on LEEP Electrodes
- **\$500 off** the list price of LEEP System 1000® Workstation
- Receive **10% off and 5 years worth of FREE sharpening** on our biopsy punches (\$95 value/ each sharpening service!)
- **10% Off** on any of our LEEP instruments.

**Call 1-800-243-2974 now to lock in your savings!**
