

March 9, 2020

Dear CooperSurgical Customers,

As we all continue to monitor the spread of the coronavirus (COVID-19) around the world, our thoughts are with you, your families, your patients, and the communities impacted by the virus. We are in the business of delivering impactful solutions that improve healthcare and in the midst of this outbreak, it's important that we provide you with as much information as possible about whether and how CooperSurgical product supply may be affected.

The vast majority of our medical device products are manufactured in US, so you can be assured that we are working diligently as a company to ensure continuous supply of all our product lines now and always.

All of our stock is available and ready to order with no products on allocation and we are not anticipating any interruptions in supply at this time.

To order CooperSurgical products or if you have a question, please call Customer Service at 1-800-243-2974.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mark Valentine', with a stylized flourish extending to the right.
